When notified that an award will be presented for your project, you may request additional certificates. The cost for additional certificates is \$10 each. Payment for additional certificates is due prior to the Award Presentation.

There are two options for certificate preparation:

1. *Standard Certificate:* If space allows on the certificate, all those involved may be listed on one certificate. ASLA Utah will prepare the same certificate as many times as necessary, see Award certificates above.
2. *Customized Certificate:* Separate custom certificates can be prepared for each individual/organization involved. In this instance, the name of the project, as well as the nomination and award category, will be consistent for all certificates prepared. The name of the client/owner and/or landscape architect/consultant is the only portion of the certificate that can be customized. The names that appear on the certificates must be included on this sheet. The customized certificate is best used for large teams or student projects.

Please indicate which certificate you would like and fill out the information below for project title and names to be included on the certificate. This information **is not to be included in your submission** – it should only appear on this entry form.
